May 2021, Spišská Nová Ves

On behalf of the Secondary Vocational School of Economics in Spišská Nová Ves and also on behalf of our students, let us express our sincere thanks for help you have provided us.

We appreciate all those who take even the smallest ones as part of our society. Our aim is to provide resources for all of our students so that they can increase their knowledge, improve their skills and make meaningful use of their time.

Therefore again, we want to say a big THANK YOU !

Thanks to your sponsorship, all students will also have access to materials that help us in teaching English at our school.

On behalf of everyone, we wish you success in your future work as well as in your personal life.

Sincerely,

Ing. Andrea Iovdijová
Director of school
